Hello to April.

Welcome to spring! It's time to think about good weather and getting outdoors.

With warmer weather approaching, here are a few reminders for a successful Spring in Olympic Village.

Resident Rule number 49: Bird feeders are to be taken down or emptied for the months of April through September. Hummingbird and Oriole feeders are an exception to this rule. Two feeders per unit maximum.

Resident Rule number 53: No fire pits of any kind, gas or wood, are permitted to be used.

We would also like to remind community members that we will be having a pot luck dinner on April 11th. Our Quarterly meeting will follow after dinner. Please see the Social Committee Section of the Voice for more information. Sign-up sheets will be posted on the bulletin board inside the Clubhouse.

As a reminder, the SUGGESTION box is to the left of the French door leading into the meeting room. This box should only be used for suggestions, not concerns. All concerns should be given to the Chair of one of following Committees when applicable:

Resident Advisory
Committee Chair: Dave
Schultz

Landscape Committee
Chair: Knute Villand

OR directed to
Residential Community
Manager, Janelle Taylor

OLYMPIC VILLAGE NEEDS YOU! The Olympic Village Board of Directors is developing a Long Range Plan for Olympic Village. This plan will provide a guide for the Board in developing the future for Olympic Village and its residents. Resident input meetings are being scheduled for April 25 for the 800 addresses and April 26 for the 900 addresses. Times for each day's meetings are 9:30 a.m. to 11:30 a.m. The meeting will be conducted and led by Ms. Kristen Fish- Peterson, CEO of Redevelopment Resources. She has over 30 years of experience in managing organizations culminating in productive Long Range Plans. **RESIDENTS INPUT IS CRUCIAL IN THIS PROCESS.** This is YOUR opportunity to help Olympic Village now and for its future! Sign-up sheets will be available soon.

Sharon Wagner, a member of the Residence Advisory Committee, is taking a leave of absence due to a conflict with her work schedule. Thank you Sharon for your input on this committee and we wish you well.

This is the complete list of the Residents Advisory Committee:
Dave Schultz, Chair
Members: Hank Ruff, Tom Huss, Marilyn Froh, and Phyllis Osborne

Living Safely

Spring has come, and it is time to shake off the winter lethargy and get outside for some exercise. While some of you may garden and have other strenuous hobbies, anyone who has any mobility should at least get out and walk. No need to be ashamed of your canes and walkers. We are all growing older, and physical impairments are frequently a component of aging. The OVI board has worked to make walking safer by getting the city of Sun Prairie to prohibit bicycle traffic on the sidewalk on the village side of Hunters Trail all the way to O'Keefe. Walking around the village on the internal roadway gives you a chance to get exercise and to meet your fellow villagers. Take your time; you have the right-of-way on the roadway. However, do try to stay as visible as possible and give drivers room to get around you.

Our internal roadway is shared by pedestrians and vehicles. When you operate a vehicle, remember that you have a responsibility to the rest of the members of the community to help keep them safe. First, this means obeying the village's 10 mph speed limit. It will take you a few seconds longer to get to your unit, but you will greatly reduce the chances of having the enduring guilt of having hit and injured one of your neighbors. Second, keep your vehicles in your garage as much as possible. As the village roadway gets busier with pedestrians and vehicles in the warmer weather, keeping obstructions to visibility to a minimum is essential to preventing accidents. We can't always see as well as we think we can. My 25-year-old granddaughter, a very experienced driver, died when she pulled out directly in front of a cement mixer that the witnesses agreed she could not have missed seeing, but she did. Please look twice and think twice when driving in the village. Arthur Eggert Unit 994
